

PIIBLIKOOOL
EESTI KRISTLIK NELIPÜHI KIRIK

Dear friends!

We have made some quite big steps forward with our Bible School. About week ago we went to see some container houses, where the NATO soldiers lived for the last two years. Their new barracks are ready now, so we have an opportunity to get their old container houses for our Bible School. That is a miracle! Our only problem is, that we need to buy them out in 2 weeks and their total cost is 25 000 euros.

I and Bishop Märt Vähi visited our friends from Eelim Pentecostal Churches in England and Ireland. We shared our vision with them and told them about the opportunity to buy these container houses. They were excited about it and are interested in supporting the Bible School's first building construction in Laitse. I'm sure that God will provide for us and that it will be the beginning for the whole Church Plant Center and Bible School in Laitse.

I have a personal and emotional story involved with these container houses. It was years ago, when God called me to be a chaplain in Estonian Defence Forces. I loved that job and I still do. Though I haven't been a chaplain there for years anymore, then I'm still emotionally involved with Defence Forces. Therefore it is really significant for me, that our Center's and Bible School's first building is coming from the Defence Forces and that the soldiers have lived in these container houses. I see God's perfection in it through small details. Meaning, when following His calling in our lives, He will bring together all the unseen aspects that might look a bit weird to the ones standing by, but where God is still behind it all.

I want to encourage you to follow God's calling in your life by doing, what He has called you to do and by letting go of the roles and places that are not yours. God works out His best plan for you. If you feel like God is calling you to do so then come to study at our Bible School! Admission for 2017/18 is already opened. More information on that from our website www.piiblikool.ee

If you would like to support the construction of our Bible School, then you can find our data below.

Our construction account's data is here:

Walking on the water with you,
Ago

Vision

We want to see people trained to live their God-given potential serving Christ in the power of Holy Spirit in every area of life.

Mission

We train student through teaching, practical training and guiding.

Purposes

1. To train and send out students to live with the mission of God.
2. To help churches to fulfil the Great Commission.
3. To change the world through motivated people who are sharing good news of Jesus everywhere
4. To embrace a holistic view of life

Values

Safe and challenging

Christ-like character development

Honesty and trustworthiness

Visiting EKNK Lasnamäe Vene Kogudus (Russin church)

Teachers from abroad

Stephen Hertzog, from Canada, taught about „Church history“

David Jakobsen, from Denmark, taught about „Theology“

Practice

With the students of Bible School we were in Tapa, to invite people to come to Alpha course.

Attending and serving along in worshipservice in EKNK Viljandi Kogudus

In Radio

Creative schooldays
